Insightful reviews

Paulo "paper books always" Carvalho: What a excellent story. Well, that's not correct. It sure is one of my favourite if some parts in the book were kind of dull. But it's that kind of novel that makes you wonder who did it because almost all characters had no motives whatsoever.

<<>>> Read at your own peril. I will reveal the culprit... so...

This was one of the few novels that I discover who the culprit was. Even if at the same time I thought Agatha Christie would not have a child do it.

From the beginning as we are introduced to the characters, knowing Agatha Christie novels as I do, I thought Sophia or Josephine would have done it.

Josephine because it seemed the girl knew everything. But at the same time I thought Agatha was trying to make a 12 year old girl smarter than the police. Maybe an ode to Her (Agatha)

At the same time I thought Sofia because she had the most motives but at the same time It's not unusual for Agatha put a character who is trying to find out is the criminal as the criminal.

Some characters are just stereotypes and others are just... there.

Charles our main protagonist, fiance of Sophia at the request of his father and Sophia is trying to find the criminal. Sophia and Josephine are the other two good characters. Besides them each and everyone of them are weak.

Brenda is the young wife, and most to gain, because she is inlove with the tutor Laurence. Magda is a drama queen (probably a critic to those days actors). Clemency is a cold heart scientist (even if she changes a bit). And some character were there only to fill some gaps like Eaustace, Janet Rowe and the Chief Inspector of Scotland Yard.

The finale was my favourite part. I really wanted to know, if Josephine was the killer, what Agatha Christie would do to her. Enjail her? Killer Her? What?

Kathy Worrell ? : I've read many Agatha Christie novels and this didn't seem like a story she had written. It was still pretty good, though!

Mith: OK, this book is CREEPY; not so much for the story, but for the identity of the murderer!

Story is set in a "crooked" little house called Three Gables, where lives a wealthy old man along with the rest of the tight-knit family, including a young, beautiful wife. He dies of poisoning under mysterious circumstances and everybody jumps to the conclusion that it must be the wife, and her assumed lover, who did him in. But did they? For, the entire family feels that these two might not have done it. But then, that'll mean one of their own blood is the culprit; so they all hope against hope, that the "right person" murdered the old man.

This novel isn't a part of any series, so no Poirot or Miss Marple or Tommy and Tuppence in here, but it's compelling just the same. As always, the murderer is absolutely the LAST person you ever suspected; even more so in this case! Christie proves, flawlessly, yet again, that it takes all sorts to make a world.

Contando Dragones: ¡Qué ganas tenía de leer algo de Agatha Christie! Hace un año y pico que me propuse empezar a leer novela negra, y aunque sigo tirando más por lecturas de ciencia-ficción y fantasía, ésta period una autora que siempre tenía en mente. De su muy prolífica obra (más de 50 novelas), me alegro de haber empezado por "La casa torcida", tanto por lo que me ha gustado como porque es una de las favoritas de l. a. propia autora (según indica ella misma en l. a. introducción, es una de las pocas que escribió por gusto y no por encargo editorial). Carolyn F.: Audiobook This was once an audiobook play which I completely enjoyed. among scenes they performed interval acceptable tune and even though i am in basic terms in my 50s, I knew all yet one. Wonderful. The tale itself, I had forgotten who did it and while I did it used to be nonetheless a bit demanding to take.
