## Description

First published by St. Martin's in 1958, Robert Traver's *Anatomy of a Murder* immediately became the number-one bestseller in America, and was subsequently turned into the successful and now classic Otto Preminger film. It is not only the most popular courtroom drama in American fiction, but one of the most popular novels of our time. A gripping tale of deceit, murder, and a sensational trial, *Anatomy of a Murder* is unmatched in the authenticity of its settings, events, and characters. This new edition should delight both loyal fans of the past and an entire new generation of readers.

## Insightful reviews

Antonina Sh: No special turns of the plot, no unexpected twists, but solid detective writing, and if you are passionate about lawyers' work, this could be a hit.

Amber Foo: I vastly admired Mr Traver's sometimes-subtle-othertimes-obnoxious jabs with these 'lawyer terms'. It amused me to no ends and I positively chuckled at the prosecution and defense exchanges with each other. For me the best part of Mr Traver's writing is that there is no over-glorification of the main character's lifestyle and courtroom performance. I have read too many of Grisham's portrayal of such lawyers, and it greatly bothers me because being one myself, life has not always been as easy as it is said in the books. I therefore greatly look forward in reading Mr Traver's next two (also courtroom) books. A five-star effort, this book is.

Barry Bridges: This book really does not need another review but I must comment on the linguistic structure. Traver delivers straightforward literature; articulate, intelligent and expecting the same of his reader. His structures are immaculate, his word choice superb. The dry humor of his character delivers chuckle after chuckle. This book bumps into my top ten. Highly recommended as a stretch for younger readers - a challenge to read, with a dictionary close by. This is the kind of entertainment that is difficult to come by - enjoyable while raising the standard of expectations.

Steven: Hervorragende Übersetzung eines amerikanischen Klassikers.

John: rather loved this ebook - although at approximately four hundred pages it took me forever. i am not the quickest reader, and that i frequently purely learn earlier than falling to sleep at night, so I needed to renew the e-book past the conventional three weeks to be had from the library. Grew to like the characters and hated to determine the tale end. attention-grabbing examine a small city legal professional thrust right into a mammoth homicide trial. plenty of ups-and-downs, and intensely good, protracted, court docket room scenes.As a legislation college grad, you want to love any e-book that talks approximately "advance sheets" and does not even cease to provide an explanation for them to the non-lawyer reader. a number of attention-grabbing "inside" legal professional such things as that.Now i need to determine the motion picture - starring Jimmy Stewart.

---

Devin: I randomly picked this up off my grandparent's bookshelf of leather-bound Franklin books. I must say that not just did I completely benefit from the good written story, yet I discovered extra approximately our felony method than in either my highschool and faculty civics periods combined. This can completely be a re-read!
