## Description

From *New York Times* bestselling author Mary Jo Putney-a classic love story that has become one of her most beloved and acclaimed historical romances...

## Insightful reviews

Gizella Tóth: Ha tegnap kellett volna írnom erről a részről, biztos csak jóindulatúan vonogatom a vállam, hogy elmegy. Ez az egyetlen MJP könyv, amit eddig mindössze egyszer olvastam el. Igaz, később is adták ki a sorozat többi részéhez képest, de ettől még lehetett volna a nagy kedvenc. Nem lett. Első olvasásra nem aléltam el tőle. Azon kívül, hogy Lucien természetesen jó pasi, legfeljebb az ikrek misztikus kapcsolata tetszett, annak ellenére, hogy a közzjátékokat nagyon nem szerettem.

Mégis, már csak böcsületből is, másodszor is elolvastam, és magam is meglepődtem, mennyire élvezem. A közzjátékokon most is épp csak átfutottam, de a többi rész határozottan javulást mutat az előző olvasás óta. Még mindig a sorozat leggyengébb darabjának tartom, de bekerült a kedvencek közé, s talán a későbbi olvasásokkal előbbre is tud lépni a magán top listámon.

Patricia Kate: Could not put this book down! Everything about it was compelling - the interaction between the H/h, the story line and the mystery that takes a more prominent place in the second half of the story. If I have any quibble with *Dancing on the Wind*, it's that it strains credibility in a few ways - the constant accidental meetings between the H/h early on and the activities of the Hellions.

Kate McMurry: Review of Audiobook narrated by William Kirby

I am posting this audiobook review using the format that Audible recommends:

Overall: 5 stars

Performance: 5 stars

Story: 5 stars

Q. What made the experience of listening to *Dancing on the Wind* the most enjoyable?

A. Excellent characters and story experienced as fine performance art.

Q. Who was your favorite character and why?

A. I enjoyed both Lucien, the hero, and Kit, the heroine. Lucien, the mysterious spymaster, and Kit of the many disguises, are both alienated survivors, negotiating a dangerous world of terrible enemies all on their own. I love it in a romance novel when equally strong protagonists such as these two, against all odds, find each other and work together against a common enemy.

---

Q. What does the narrator, William Kirby, bring to the story that you wouldn't experience if you just read the book?

A. For an audiobook to work well, it requires two things: First, the book must be outstandingly enough written to not just survive but prosper under the intense scrutiny of being read out loud at a quarter of the speed it would take a reader to read the book silently to herself. *Dancing on the Wind* is absolutely a novel of that sterling quality. Second, the narrator must be a good performer, able to convincingly portray every kind of character, from old to young, male or female, and often different nationalities. Mr. Kirby is a fine performer able to deliver these dramatic necessities really well.

Q. Did you have an extreme reaction to this book? Did it make you laugh or cry?

A. This book offers sensual romance, action, adventure, pathos, and moments of humor. In short, it has it all.

Q. Any additional comments?

A. Fans of Mary Jo Putney will be pleased that this recording offers them the opportunity to enjoy *Dancing on the Wind*, one of the very best of her historical novels, in the form of an excellent audiobook.

Tonileg: ancient English spying romance which starts off out with our major heroine disguised as a chambermaid, then as a barmaid, then as a courtesan with a wide selection of wigs, makeup and various dresses. She will get virtually will get approach manner with anonymity, yet she underestimates Lord Strathmore, Lucien 'Lucifer' simply because he's very observant simply because he's drawn to the thin younger girl in each one of her disguises, yet an excessive amount of the gentleman to do extra then supply a short evening in his bed, yet permits her to go away whenever simply because he might by no means strength a girl (unlike a variety of of his modern Lords). in order that they are either searching for a nasty nobleman who's dabbling in several schemes like foreign spying, murder, kidnapping, ruining younger noblemen for his or her cash and making plans orgies among different things. Miss package Travers indicates up as such a lot of assorted girls with every one a distinct identify so it's not transparent what her actual identify or character is yet Earl of Strathmore, Lucifer loves to recognize every thing that piques his interest and regrettably for Kit, he's attracted to her. The writing is delicate and flows from one POV to the subsequent with out confusion that is very impressive, we often see via Lucien and Kit's POVs. either are lonely humans or even in a crowd, they're misplaced of their personal inner global and passions. I did like that Lucien was once a passionate clockwork mechanism hobbyist which extra a steampunk style to this secret romance. i used to be relatively shocked in regards to the steampunk shock robots which further to the delusion subject which was once already within the tale with the dual psychological connections and hypnotism. i would not classify this tale as paranormal, as the ESP dual connections is simply mentioned among people who are twins and thoroughly hidden from the 'normal' folks. BDSM issues yet are subtly taken care of with little 'interludes' among chapters in

---

an unwilling POV so there's not anything too tough core, yet this e-book was once astounding with how a lot used to be in it love it might have been 3 assorted books.384 pages and purchased used for 3euros on Amazon3 stars

Corrine: i ultimately get why humans hold interpreting Mary Jo Putney! I enjoyed this one, did not want to place it down. I enjoyed how equipment absolutely uncovered a brand new aspect (or aspects I should still say) of herself to avoid wasting her sister, and that i love how befuddled and intrigued Lucien is by way of her. For the 1st time on the grounds that i began the series, i will not wait to learn the remainder of the Fallen Angels.

Elizabeth Cole: FYI: I center MJ. The Rake proceed to carry a really excessive position on my checklist of HR keepers. I hadn't learn any of the booklet during this series, so Dancing at the Wind brought numerous new characters to me. As always, I beloved the stability among the interior (the courting among the hero Lucian and heroine package because it outfitted up) and the exterior (kidnapping! spies! intrigue!). there's a massive plot point related to twins, which i am usually a bit leery of simply because it might probably get confusing. And this tale did get a piece complicated because the heroine not just has a twin, she and her sister even have designated dual nicknames AND either twins use pretend names sometimes. So maintaining a tally of who used to be who bought a LEETLE tiring. That said, i actually loved Kit. She used to be difficult and spunky yet nonetheless believably weak in a few situations. Lucian (perfect hero name, btw) was once additionally interesting. whereas i did not really purchase his profession as a sort-of undercover agent (but without genuine name or superior), as a person, he was once compelling. I beloved his kin historical past in addition to his purposes for aiding Kit, which have been an excellent mixture of him simply being a very good man and him being tremendous drawn to getting package within the sack. His combined factors learn as very comprehensible to me. MJ's plotting feels a section obvious during this book, yet i used to be already on this planet and completely prepared to move in addition to the handy twists and turns. it is fun, and should not be taken too seriously. the ability fight and banter among characters is the center of the tale (the undercover agent subplot is sort of forgotten by way of the top of the book). it truly is fun, the attractive bits are attractive with out getting silly, and the EVIL titanic undesirable will get smacked down. what is to not like? cross learn it!Oh, yes! another random factor that I appreciated: in lots of HRs, the hero is often portrayed as thoroughly or approximately celibate, i suppose to make it look extra genuine whilst he begins panting after the lady. Lucian is not any exception. However, his reason behind no longer having informal intercourse used to be either outstanding (in that i would by no means visible it earlier than in a romance) and truly made experience with the story. Yay! Anyway, the whole lot is well-written and fun.
