Description

Flan Flood has always had her pick of the coolest parties and the cutest designer clothes. Her family is legendary in New York City, but she's sick of her friends just trying to get closer to her hot older brother, Patch.

So when Flan starts a new high school, she decides to reinvent herself as a totally normal girl. The only problem is, Flan's life is anything but normal. After all, she has a starlet in her bedroom hiding from the paparazzi, the hottest club promoter in NYC camping out on her living room floor, and a beautiful socialite crashing in her guest room.

Flan quickly finds that keeping her crazy social life from her new friends is like keeping a Marc Jacobs sample sale secret-totally impossible! What will happen when her two worlds collide? Will New York's ultimate Inside Girl be left...an outsider?

Insightful reviews

Rachel: Fun book about a 14 year old, NYC socialite (imagine Paris Hilton having a teenage sister) who decides her life is too shallow. She enrolls in a public school, stops wearing designer fashion, and hides her old life from her new friends. Problems ensue – including any number of interesting characters deciding to move in with her and her falling for a totally normal boy.

As an adult reading this, I did find it a bit young for me. However, I still enjoyed it.

Jessie: The first novel in an addicting series,

Megan Nation: Good if you need to pass time.

Shelby: outstanding story. couldn't placed it down. begun and comprehensive and forgot i used to be examining a narrative it felt so real.

Angeliquelovekittens: This e-book used to be outstanding i presumed the publication used to be amazing

Angel Zheng: ... The ebook within woman by way of J. Minter is ready a highschool lady named Flan Flood. Flan's kinfolk is de facto rich, so her mum and dad sends her to an all-girls deepest school. Flan's mom and dad take pleasure in touring round the world, so that they are usually not regularly home. Flan's brother and sister are well-known and she or he is simply recognized as a result of her siblings. All of Flan's pals express extra curiosity in her brother rather than her, so Flan obtained in poor health of this and made up our minds to wait a public university as a typical girl. At Stuyvesant, Flan meets her new friends, Meredith and Judith. She additionally turns into pals with the man she likes, Bennett. yet this is often merely the conventional part of her lifestyles at school. At home, however, Flan has 3 celebrities hiding out; the starlet, Sara-Beth Benny, the most well liked membership promoter in NYC, Liesel, and a gorgeous yet

neurotic socialite, Philippa. Flan attempts her toughest to split her existence into categories, university existence and residential life. She retains the key of her actual existence from her Stuyvesant friends, yet every thing was once replaced on the day of Bennett's party. at the comparable day however, Flan had promised her megastar neighbors that she might hang around with them, yet she could not stand the concept of not likely to Bennett's party. throughout the party, somebody that had additionally went to a "legendary" Flood get together well-known Flan and spilled all her secrets. Her associates are disappointed, harm and indignant with Flan simply because she saved it a secret. while Flan back home, she stumbled on that her megastar neighbors also are offended with Flan. To have every body forgive her, she comes to a decision to throw a celebration of her personal that incorporates all her neighbors and family. within the end, everybody forgives Flan, even supposing her mom and dad and of her famous person acquaintances couldn't make it. ... i feel that this booklet used to be rather interesting. something that made it fascinating is the theme. The subject of this booklet is so you might regularly be yourself. Flan attempted to create anyone different- an ordinary teenager. Now, glance the place it acquired her! It used to be tricky to maintain her genuine lifestyles a secret, and while the beans have been spilled, every person received indignant at her. yet her acquaintances depended on Flan and had forgiven her. Still, if I have been in Flan's shoes, i'd additionally believe the urge to have a different, basic lifestyles with pals which are pals with me due to who I am, not only to catch up with with my brother. i might suggest this publication since you can examine much from it. something somebody can study is not to swap their personalities simply because they need to be renowned and feature lots of people like him/her.
