## Description

Although Potter's animals are anthropomorphized, they never suffer from the coy sentimentality displayed by less able executants. Her down-to-earth directness makes no concessions to "childish" vocabulary or tender emotions: Peter's father was "put in a pie and eaten".

## Insightful reviews

Steven Peterson: What a fine version of this classic! I read a version of this when I was a lot younger and was transfixed by the story. Love the very first line: "Once upon a time there were four little Rabbits and their names were--Flopsy, Mopsy, Cotton-tail, and Peter."

A wonderful story!

Maeve Harrison: I read the book "The tale of Peter Rabbit" by Beatrix Potter as a young child and I can remember enjoying the adventures of little Peter but also being terribly afraid that he may be turned into a Pie by then of the book!

This book is about Peter rabbit and his sisters Flopsy Mopsy and Cotton tail setting out in search of food to bring home for dinner. Their mother specifically warns them to stay away from Mr McGregors garden as this is the place where their father was captured and turned into rabbit pie. While they are out searching Peter sees the garden and can't help himself he must go in and have these magnificent spoils before his eyes. Peter enters the garden and gorges on all the tasty carrots and lettuce, that is, until Mr McGregor catches him and he must try and escape the garden alive. He manages to dodge all the obstacles which stand in the way of him escaping including the cat. Once he has escaped the garden he makes his way home where he is punished by his mother and sent to bed early.

The classic theme of obey the rules and get reward or disobey the rules and get punished is the main theme of this book. Peter is the naughty one going against his mothers commands and his sisters are the good ones who return home on time. Peter gets sent to bed early with no supper as a result of his actions while the three sisters have their tasty supper with their mother. This is a great book and I would recommend it for children ranging from 6-8 years old.

Rain Misoa: This is one of the children's books that I read for *We Give Books, A Pearson Foundation Initiative* to help children all around the world obtain books. It's an organization that gathers many campaigns in one spot on the web to encourage people to read many books for children. With every book you read, one gets donated to the campaign you signed up for. (There's quite a few campaigns available.) A very good friend of mine, Nicole Terazue, recommended this site to me since she knew I loved reading books! (Thanks love!) The campaign I chose to be a part of is called *Jumpstart for Young Children*. Every book that I read associated with *We Give Books* gets donated to *Jumpstart for Young Children* so that less fortunate kids in pre-schools all over America will be able to have more books to read from and learn. It's a fabulous project and I urge all readers, especially parents with young children, to join and help other children less fortunate than our own to read and spread the word of *We Give Books*. It will benefit children everywhere.

Finally! I read a book written by none other than Beatrix Potter. How long I have waited to read this fabulous children's tale about the mischievous little rabbit, Peter Rabbit. It makes me happy that I read this board version of the children's classic. This particular tale follows Peter through Mr. McGregor's garden despite his mother's warnings and all the crazy hijinks that ensue. The moral of the story is that children should listen to their parents and stay out of trouble. Although I feel this is a very valuable lesson to be instilled in children at a young age (this book is recommended for the ages of 0-3), I also believe that children should be aloud to make their own mistakes. It helps build character. However, with society the way it is, many parents don't seem to agree with me in this aspect so that's fine. As long as the child gets something valuable out of reading this book then I'm quite satisfy. The illustrations to this book is very simple. There's not a lot of color and not a lot of detail but I don't think that's the point of the book. I think the simplicity of the artwork only enhances the trouble Peter went through in order to get back home and be with his mother. It's very sweet and you start to really feel for Peter towards the end. The writing was great. Even though this is the board version, I can see that Potter's writing still shines through for the younger reader to enjoy. My only complaint was how it ended so abruptly. I know if I was to read the original version, I would have enjoyed it a whole lot more. Still, it's a very good book to introduce toddlers into the reading world. I recommend you let your child read any book about Peter Rabbit! ^\_^

Joy H.: further 5/4/12.The story of Peter Rabbit (first released 1902) by way of Beatrix Potter under is a remark I published at my staff

5/4/12:======"Miss Potter" (2006), the biopic approximately Beatrix Potter used to be exquisite.<http://movies.netflix.com/movie/Miss-...><http://www.imdb.com/title/tt0482546/>The blend of Renée Zellweger with Emily Watson performing along her used to be brilliant. The Heartland movie pageant gave the motion picture the "Truly relocating Sound Award" within the "Truly relocating Picture" category. The motion picture was once really touching and it introduced Beatrix Potter to life. earlier than I observed this movie, she was once just a identify to me.Beatrix Potter begun out, while a kid, through drawing bunnies and dressing them up in clothes. She was once tremendous innovative and the motion picture portrays her as contemplating the bunnies in her tales as real dwelling beings. in response to the movie, Potter's mom and dad didn't realize her abilities and have been very unsupportive.Renée Zellweger was once a nominee on the Golden Globes for "Best functionality by means of an Actress in a movie - Comedy or Musical". She used to be excellent for the part. under is a hyperlink to different nominations and awards which the movie won:AWARDS:<http://www.imdb.com/title/tt0482546/a...>The surroundings used to be appealing and the Victorian interiors of the houses gave the image a hot and comfortable atmosphere. All in all it used to be a very pleasant experience, even supposing there elements of her existence which pulled at your heartstrings.Wiki says that Beatrix Potter's the story of Peter Rabbit "has been translated into 36 languages and, with forty five million copies sold, it's one of many best-selling books of all time."[http://en.wikipedia.org/wiki/The\\_Tale...](http://en.wikipedia.org/wiki/The_Tale...)According to the GR writer description, "Potter ultimately released 23 kid's books."=====

Jack Kirby and the X-man: a real classic.I do not keep in mind studying Beatrix Potter as a baby - yet after all you appear to take up the tales probably via societal osmosis.I definitely wait for examining the remainder of the Peter Rabbit books. I notice with curiosity within the within hide

---

that this ebook has been translated into Latin, which i assume will be worthy if we had a time machine! Leaving at the back of the publication itself you'll want to tip your cap at whoever does Beatrix Potter's tie-ins. with out even realising it i used to be interpreting "The story of Peter Rabbit" to X-man whereas he used to be donning a Peter Rabbit T-shirt (really the one factor that relates the T-shirt to the books is a discrete emblem at the sleeve). We have been being ignored in the course of the analyzing by means of a "Mrs Rabbit" photograph frame. I was once approximately to get on my high-horse approximately feeding X-man with a Bunnykins bowl and spoon too - yet a short little bit of study reveals that Bunnykins was once truly created independently via Sister Mary Barbara Bailey - in order that placed me in my place! (although you want to admit they either characteristic rabbits - either "naked" and clothed to entertain children, so that you can comprehend the confusion).

Aoife Fitzpatrick: the story of Peter Rabbit used to be written and illustrated by means of Beatrix Potter. the tale that was once released in 1902 was once considered one of my own formative years favourites and has entertained hundreds of thousands of alternative young ones for plenty of decades. Potter had a fondness for the wildlife may be essentially noticeable in her innovative stories. Peter Rabbit was once a mischievous little rabbit that doesn't do what he's advised and for that reason will get right into a little spot of trouble. in contrast to his 3 obedient sisters Peter Rabbit comes to a decision to sneak into Mr McGregor's backyard to gorge on his gorgeous vegetables. Thankfully, little Peter Rabbit escapes with only a scare and a stomach ache. His iconic blue coat and footwear have been the one casualties of the event. whilst he returns home, negative little Peter is so sickened from all of the greens and working has to head instantly to mattress after a few terrible medicine, whereas his sisters get pleasure from a stunning dinner of berries and milk. the tale teaches us the significance of hearing the warnings of adults. in terms of school room dependent learning, Potters number of tales together with the story of Peter Rabbit will be appropriate for quite a number ages. it may be used for autonomous interpreting or as an informative tale for younger freshmen approximately hearing the warnings of adults e.g. reception and Key level one. The illustrations are delicate and refined which rather supplies the ebook its nostalgic hot feeling. it's a publication that has been loved via generations and i'm certain will remain renowned for plenty of more.
