Description

Imagine having a personal cupid--an actual winged being--pop into your life and offer to make your dreams come true. The catch is he can help you in only one way--artistically, academically, or romantically. That's what happens to aspiring photographer Allison Jean (A. J.) McCreary. A. J. knows she should concentrate on getting into a top-notch art school. But she's spent five torturous months obsessed with handsome hunk, Peter Terris. Just one shot from the cupid's bow and *thownk*, A. J. will have the undying devotion of handsome Peter...forever.

Insightful reviews

Katy Vance: I really, really didn't like this book. The only reason I finished it was I was on a train and it was that or watch a bunch of people sleep.

Annoying central character, lessons that are obvious from the first page and supporting chatterers that are flat and boring. It's like all the possible high school stereotypes but without any complexity at all.

Cupid is stupid.

I would recommend people go read *The Truth About Forever* if they want romance.

Shiri: I started this book this morning and finished it around 1:30 ish and it is heart braking and just THE BEST BOOK EVER!!!!!!

Michael B Tager: It's YA-fiction written in '95 about a cupid who comes to bestow love upon a 17-year-old girl. It's effective and empowering enough. It's not *The Sound and the Fury* and it isn't trying to be. I'm not really the target audience, but I do love me some YA fiction. Not that I loved this: it's YA fiction, but you can still paint the world a little broader.

Noodle: this is often THE second WORST BOOOK i've got EVER READ. by no means learn IT! NEVER, by no means EVER EVER!

Melanie: during this cautionary tale, Allison Jean "AJ" McCreary learns to the significance of being cautious what you need for. while her mom and dad exit of town, aspiring photographer AJ will get a shock stopover at from her personal own cupid. quickly Allison learns that her cupid (Jonathan) can provide her the single factor she has been in need of forever, her dream date to the King of Hearts dance. whilst Johnathan makes the most well-liked man in class fall in love (or frightening obsession) with AJ, she quickly starts seeing issues in a complete new gentle (and lighting fixtures is essential if you find yourself into photography). quickly AJ regrets her selection and needs to undo it, however it can be too past due or even her personal own cupid will not be in a position to support her...This was once a mild enjoyable learn that many lady YA readers will enjoy. It was once in simple terms Bauer's moment novel (*Squashed* was once first)

and that's beautiful obvious within the personality improvement and plot. The characters have been one-dimensional and the storyline was once predictable. In my view I discovered AJ's mother and her cafe to be the main fascinating part of the novel. I did love AJ's ardour for her images and her dialogue of her parents' relationship. Plus, who hasn't needed for a cupid or genie to seem figuring out we most likely would not want for the suitable things?

Carrie: hearing this booklet on audio didn't detract in any respect from the joy of studying it. It used to be a enjoyable tale with a plot that used to be effortless to follow, completely constructed and completely resolved (which makes for a pleasing read). The romance was once mild and comedic, situated round the pleasant absurdity of getting your personal cupid to make lovely boys fall in love with you. A.J. is a regular highschool girl, lovely yet no longer very popular, the simplest photographer within the school, with bronchial asthma and a major experience of wit. She rises to the head of the social scene, with the aid of Jonathan the cupid. yet she quickly learns that obtaining the cutest boy in class to fall in love along with her isn't really all it is cracked as much as be. She learns approximately herself, approximately love, approximately her family, throughout the 'thwunk' of a cupid's arrow.
